

End User License Agreement

To proceed with installing this software, you must accept the terms of this license. By installing, copying, or otherwise using the software, you confirm your agreement to this license, including warranty disclaimers, liability limitations, and termination conditions.

IMPORTANT – PLEASE READ CAREFULLY: This Software License Agreement ("LICENSE") is a legal agreement between you (an individual or entity) and Speed Momentum Limited ("AUTHOR"), the developer of this software product ("SOFTWARE"). The term "SOFTWARE" refers to the software product and all components included in its official distribution, including documentation, libraries, and related files.

By using the SOFTWARE, you agree to these terms. If you do not accept them, do not use the SOFTWARE in any manner.

Ownership and Rights

This SOFTWARE is protected by copyright and international copyright treaties, as well as other intellectual property laws and treaties. This License does not equate to a sale of the SOFTWARE. Speed Momentum Limited retains all rights, titles, and interests, including ownership of the SOFTWARE and its documentation. No intellectual property rights are transferred to you, and you gain only the rights explicitly stated in this LICENSE.

Limited Warranty Disclaimer

The SOFTWARE is provided "as-is," and Speed Momentum Limited makes no express or implied warranties, including, but not limited to, implied warranties of merchantability or fitness for a particular purpose. Certain jurisdictions do not permit disclaimers of implied warranties, so this exclusion may not apply to you.

License Grant and Usage Terms

This LICENSE grants you the following rights:

Subscription License

This LICENSE allows use of the SOFTWARE during the subscription period only. Each individual using the SOFTWARE within the subscription term must have their own subscription license. A separate subscription license must be acquired for each user. The subscription does NOT renew automatically. Once the subscription expires, all usage rights cease unless a new subscription is purchased.

- **Single Device Usage:** This LICENSE allows for one copy of the SOFTWARE to be installed on a single device, with additional rights as noted below.
- **Device Assignment:** Before using the software under a license, assign that license to one device (the "licensed device").
- **Licensed Device Access:** You may install and use one copy of the SOFTWARE on the licensed device. A separate license is required for each physical desktop if installed on a Terminal Server or Citrix Server.
- **Volume Licenses:** Volume discounts are available. If Volume Licenses were purchased (specified at the time of purchase), the SOFTWARE may only be installed and used for internal purposes. The number of devices licensed must not exceed the total licenses purchased.
- **Separation of Components:** The SOFTWARE is licensed as a single unit. Components may not be separated for installation on different devices.

Distribution and Resale Prohibition

Products developed and distributed by Speed Momentum Limited are strictly for licensed, individual use only. These products, including software and all associated components, may not be distributed, resold, sublicensed, or shared in any form, nor may they be modified, repackaged, or included in any other software or product. Any unauthorized distribution, resale, or alteration of Speed Momentum Limited products is strictly prohibited and will be subject to legal action.

Limitation of Liability

Under no circumstances shall Speed Momentum Limited be liable for any consequential, special, incidental, or indirect damages arising from your use of the SOFTWARE, even if advised of the possibility of such damages. Speed Momentum Limited's liability for any claim, loss, damage, or injury—whether due to breach of contract, tort, or any other cause of action—shall not exceed the purchase price of the product. Certain jurisdictions do not allow the exclusion of implied warranties or incidental or consequential damages; in such cases, these limitations or exclusions may not apply to you.

Speed Momentum Limited assumes no responsibility for any data loss, damages, or other issues that may arise from the use of its products. By using the software, you acknowledge and accept that Speed Momentum Limited shall not be held liable for any incidental, indirect, or consequential damages or data losses incurred.

The limited liability set forth herein applies only during the term of this LICENSE and shall not extend beyond the expiration or termination of this LICENSE.

Cancellation and Refund Policy

We encourage you to "test drive" the Free Trial version of the SOFTWARE before purchasing. If you encounter any issues, please contact us for assistance.

You may cancel your subscription at any time through your account settings. Upon cancellation, you will retain access to the subscribed product until the end of your current billing period. After that, your license will expire.

We do not offer refunds for subscriptions once a payment has been processed. However, you may cancel your subscription to prevent further charges. Refunds may only be granted at the discretion of the Management of Speed Momentum Limited.

Upgrades

Speed Momentum Limited reserves the right to charge an upgrade fee for significant new features or enhancements. You may choose to upgrade to the latest version or continue using your current registered version.

You may not, without written permission from the AUTHOR:

- A. Disassemble, decompile, decode, or otherwise reverse-engineer the SOFTWARE, or attempt to reconstruct or discover any source code or algorithms in the object code.
 - B. Use, copy, modify, or merge copies of the SOFTWARE or accompanying documents except as expressly allowed in this LICENSE.
 - C. Transfer, rent, lease, or sublicense the SOFTWARE.
 - D. Separate the SOFTWARE for simultaneous use by multiple users.

Termination

This LICENSE and your right to use the SOFTWARE will terminate immediately if you fail to comply with its terms. Upon termination, you agree to destroy all copies of the SOFTWARE, including documentation. This termination is in addition to any civil, criminal, or other legal remedies available to the AUTHOR. The AUTHOR's credit policy will apply and is available upon request.

Automatic Termination on Misuse

Any attempt to bypass security mechanisms or use the SOFTWARE beyond the limitations set in this LICENSE will immediately void this LICENSE and result in forfeiture of any right to a refund or continued support.

Legal Compliance and Indemnification

You agree to operate the SOFTWARE in full compliance with all relevant laws, including intellectual property laws, applicable in your jurisdiction. The SOFTWARE must not be used with any tools or services intended to bypass technological safeguards that protect access to, or the rights associated with, any content or work protected under copyright law. You further agree to indemnify, defend, and hold harmless Speed Momentum Limited from any losses, damages, costs (including reasonable legal fees), fines, or claims that may arise from your use of the SOFTWARE in a way that directly or indirectly infringes upon the intellectual property rights of others.

The LICENSE is governed by and construed following the laws of Malta, and any disputes will be subject to the exclusive jurisdiction of the courts located within Malta

Severability

If any provision of this LICENSE is held to be unenforceable or invalid, it shall be construed to reflect the parties' original intent, and the remaining provisions shall remain in full force and effect.
